Eco Back Bar Drinks Chiller

Specifications

| | |
|-------------------------------|-----------------------------|
| Designed to Suit | Indoor |
| Product classification | Eco |
| Temperature Control | Electronic |
| Function | Drinks chiller |
| Colour | Black |
| Gross Total Capacity (Litres) | 173lt |
| 330ml bottle loading capacity | 220 |
| 500ml bottle loading capacity | 170 |
| Temperature Range (°C) Min | 0 |
| Temperature Range (°C) Max | 10 |
| dB Rating | 51dB |
| Energy Consumption | 319kWh/y |
| Refrigerant | R600a |
| Shelves | 4 |
| Feet | 4 |
| Defrost | Auto |
| Product Dimensions (mm) | 838 (H) x 866 (W) x 541 (D) |
| Required Ventilation (mm) | 50mm at the back 20mm sides |
| Weight | 54kg |
| Country of Origin | China |
| Warranty | 3 Years Parts & Labour |

Energy Efficiency Redefined

Save up to 65% on energy compared to standard models, making the Eco Back Bar Range an environmentally friendly and cost effective choice for hospitality businesses.

Advanced Digital Controls

Equipped with an electronic control system and a digital display, you can easily monitor and adjust temperatures to maintain optimal cooling performance.

Modern Black Interior & Shelving

The sleek black interior and shelving design not only enhances the aesthetic appeal but also ensures better light reflection, complementing any sophisticated bar setup.

Durable Low E Double Glass Doors

Enjoy superior insulation with Low E double glass doors, which reduce heat transfer and ensure energy efficiency while displaying contents beautifully.

LED Eco Light Technology

Illuminate your beverages with long lasting, energy efficient LED lighting. This technology ensures clear visibility while consuming minimal power.

Robust Security & Convenience

Featuring keyed locks and self-closing doors, the Eco Back Bar Range prioritizes security and usability, making it ideal for busy hospitality environments.
